

Tuolumne River Snorkel Report 2021 – Table 5 Errata

Please note the following errors found in Table 5 of the 2021 Snorkel Report and Summary Update, Report 2021-5 of the 2021 LOWER TUOLUMNE RIVER ANNUAL REPORT submitted by the Districts to FERC on March 30, 2022.

Table 5 Heading should read:

Table 5. ~~July 2020~~ August 2021 Tuolumne River Snorkel Survey Species Observations

Also, the last seven records in the table (report page 24 of 24) are duplicates of the first seven records (report page 21 of 24) and should be deleted.

8/5/2021	Riffle 57	31.5	Largemouth bass	10	120	200
